POLITICAL AND MISCELLANEOUS.

It is probable that Luce will be the republican candidate for governor. He will make a good one, but Newell was our choice for that position.

The fifth district republican congressional convention nominated G. W. McBride, of Grand Haven, prosecuting attorney of Ottawa county, for congress.

The Mexican government released A. K. Cutting on the 23d inst., and he left for Texas in the first conveyance. He would have been rearrested if his friends had not interfered. Cutting will make a claim for indemnity.

The democratic platform declares for a tariff for revenue only. The greenback platform declares for a tariff for revenue so adjusted as to afford protection to such industries as employ labor. Yaple, the free trader, will have to make something of a straddle to stand on both.—*Bay City Tribune*.

The Kalamazoo Telegraph described it very accurately when it said: "The representatives of the greenbackers standing upon Mount Ebal will curse the administration and the representatives of the democrats from Mt. Girizin will bless it, and then the two hosts will descend and shake hands over the division of the spoils."

Right after the handsome endorsement of Cleveland, who wrote more vetoes of little pensions than all the veterans of all sorts of bills written by all his predecessors, comes a tender resolution for the poor soldiers of the war. The soldiers of Michigan will doubtless prefer the taffy to the solid relief voted by congress and vetoed by Cleveland.—*Detroit News*.

Crimination and recrimination are the order of the day among high democratic officials in New York. If all the charges of corruption are sustained it will be necessary to call a special election to fill the places to be made vacant by removals. There is not much probability that they will be sustained, however for everything is in the hands of the democrats from the governor's office down.—*B. C. Tribune*.

In nominating Capt. E. P. Allen of Ypsilanti, as their candidate for congress the republicans of the 2nd district have placed in the field one of their best and ablest men, whose record in both private and public life has won for him the highest esteem of his fellow citizens in all parts of the state. If true merit is appreciated in the second district Capt. Allen will be elected.—*Detroit Tribune*.

The Taylor family of Tennessee is a remarkable one. The republicans have nominated Alfred Taylor for governor; the democrats have put their brother, Robert L. Taylor, at the head of their ticket. It would seem certain that one of the other would be chosen governor, if it were not for the possibility that the prohibitionists will run their father for the office. They are seriously talking of it.—*Blade*.

Why do not our democratic friends, in the various state conventions, say something about civil service reform? The Indiana democrats last week were very effusive in covering public questions in their platform, but they said not a word on this topic. The Tennessee democratic state convention was similarly silent, and the Texas platform is silent on it. Will the Ohio democrats formulate the opinion of the party in their platform this week?—*Blade*.

The diversity of names given the ticket nominated last week by the democratic and greenbackers at Grand Rapids is rather remarkable. Some call it a democrat, others a greenback, while a few head it "labor reform ticket." From our reading of the platform and knowledge of the candidates selected, we would call it a greenback ticket as we cannot see where either the democratic, reform or labor portions appear. No difference what it is called, or how often, its' exponents will never be called on to administer the affairs of the State of Michigan, as "many are called, but few are chosen."

The Detroit *Journal* of Monday presented a platform for adoption by the republicans at Grand Rapids this week, and the *News* advises us to what they should do, and not do. The convention, do what it may, will not be apt to call on a journal for suggestion that is a quasi supporter and apologist of the present administration, or on the organ of the free traders of this country and England. If there is anything that the republicans of Michigan are capable of doing it is that of enunciating a platform that will meet the demand of the times and the people. Should the republicans fail to do this there will then be an opportunity for the world to platform makers to try what they can do.

THE REUNION.

The annual reunion of the Soldiers' and Sailors' Association of Northern Michigan, at Gaylord, last Wednesday and Thursday was one of the grandest events which has occurred in this section. Roscommon and Crawford counties united, and with the Roscommon band and the beautiful banners presented to Marvin Post by the ladies of Grayling, presented an appearance of which all were proud. Nearly one hundred of the comrades and their ladies went up on night train and were met at the depot by Col. Dickenson and Sheriff Hilton, who were indefatigable in their efforts to care for all. The citizens of Gaylord had decorated the village with appropriate banners and a profusion of bunting, and nearly every house was thrown open for the entertainment of their guests. Their hospitality was unbounded and was fully appreciated by the visitors. At the hour of reveille Qr. Mr. D. P. Stofer had a soldiers' breakfast of hard tack, coffee, pork and beans, ready, which was partaken of with a veteran's appetite and visiting began.

At 10:30 the procession was formed at Livingston town hall and marched to the depot, led by the Gaylord City and Roscommon bands, to meet the comrades from the North, who were accompanied by a band of martial music from Wolverine. All marched to the grove keeping time to the music rendered by the bands alternating, and at 12:30 dinner was served. At 2 o'clock the assemblage was called to order by the President, Col. J. G. Berry of Vanderbilt, who announced the unavoidable absence of President Smith, who was to have made the address of welcome. The band played a national air, and a double quartette furnished excellent vocal selections.

Miss Jennie Newman, of Grayling, recited a fine poem in a manner which elicited the heartiest applause and the little lady was given three hearty cheers by the vets.

The rest of the day was devoted to receiving comrades who came on the train and to visiting.

Thursday morning the business meeting of the Association was held, and the following officers elected: President, O. J. Bell, Grayling; 1st Vice President, D. Bennett, Roscommon; Secretary and Treasurer, W. J. Jubb, Gaylord; Quartermaster, B. S. Gifford of Roscommon and a Vice President from each county.

It was decided to hold the next reunion at Roscommon the third Wednesday and Thursday in August 1887.

After a dinner which would have done honor to any court and which was partaken of by about 700 people, the crowd augmented by three hundred or more of the citizens of Gaylord, were again called to order, and the glee club sang "The Vacant Chair."

An impressive prayer by Comrade W. H. James, of Grayling, was followed by the following toasts and responses, the exercises being interspersed with excellent music by the bands and club.

"Soldiers and Sailors," '61 to '65, responded to by Comrade W. H. Smith.

"Our Country's Flag," response by Comrade O. Palmer, and was followed by an original poem, by Mrs. M. E. Wade, of Vanderbilt, which was a fine production.

"The Soldiers of Michigan," The response by Comrade D. Bennett, of Roscommon, was listened to with profound attention and the grand tribute paid to the soldiers of our beautiful State was heartily applauded.

"The Loyal Women of the United States," to have been unanswered by Comrade Westgate, but he being absent, Comrade N. L. Parmenter was called for and gave such expression of the Spartan heroism and courageous suffering of our loyal women; that many an eye was dimmed with tears as memory recalled the scenes of parting in those fearful days.

"Our Disabled Soldiers." In the absence of Comrade Hudon, Comrade A. J. Rose, of Grayling, was detailed in his place, and painted such a word picture of the maimed veteran that many there could again see the deadly shot, the glistening bayonet or flashing sabre stroke, and hear the suppressed groan of the hero there disabled. It was a sad picture, but a grand one, and behind it lies a Nation's saved.

The Grand Army of the Republic was responded to by Comrade O. F. Wisner, of East Jordan. In choice language, elegantly expressed, the noble work of the Association was depicted, and comrades urged to sustain it in honor and purity.

Comrade W. H. Miller of Gaylord, made the closing Annual Address, an oration worthy the subject and the day, profound in thought, grand in utterance and oratorical effect, and one long to be remembered.

The weather was due as could be desired and nothing occurred in any way to mar the pleasure of the occasion.

Before final adjournment a vote of thanks was given the people of Gaylord for their hospitality, and to the bands and glee club for their music.

The night trains bore to their homes a tired lot of happy people.

Brace Up.

You are feeling depressed, you appetite is poor, you are bothered with Headache, you are fidgety, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitterers, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before.

What you want is an alternative that will purify your blood, start healthy action of the Liver and Kidneys, restore your vitality, and give you renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at N. H. TRAVERSE Drug Store.

Nearly every county in the State was represented last week before the State board of equalization, and nearly every one used plain English in denouncing the work of the "self constituted equalization board," sent out by Detroit. We will soon be able to know what effect their work had on the board. Our neighboring county of Roscommon was ably represented by James Watson, and Ogemaw by the first plowman, L. Cummings.

MANURING WHEAT.

There is often, during the latter part of the summer, time to haul out manure that has accumulated while the important work of cultivating and harvesting has been going on. It can be carted out and spread upon the stubble land and plowed under.

Or it may be needed after the soil has been plowed, and worked into the surface by harrowing. Plowing the manure under places the greater part of it too deep in the soil to be reached by the feeding roots of the plants, and the application fails to benefit the first crop as it should.

By the time a

second plowing is given much of the soluble part will have been lost.

The natural course of the soluble portions of manure is downward. If applied upon the surface, the moisture will draw it into the soil. To obtain the greatest benefit in the shortest time, it is the best to draw out after the ground has been plowed. Scatter direct from the wagon as evenly as possible, and then harrow thoroughly so as to work into the soil. This leaves the manure where the feeding roots of the plants can readily reach it. Manure can nearly always be applied to wheat profitably. Where there is a supply on land it should be haul out and scattered as early as practicable after the ground is plowed.

The Band Banquet.
An impromptu yet very pleasant affair was the banquet given to the Roscommon band Thursday night, by the members of the Gaylord City Band. Ice-cream, lemonade and cake was served. S. W. B. cigars smoked, and a right royal good time enjoyed. It was a merry occasion and strongly cemented the boys of the two organizations into a bond of friendship hitherto unknown. The time was very pleasantly passed in feasting and social converse close. Mr. John Mason, of the Roscommon band, arose in a neat little speech in behalf of his band tendered hearty thanks to the Gaylord boys for the kind and courteous treatment and hospitality shown, and assured the Gaylord band that like considerate treatment should be measured out to them whenever they visited the "Commons," which they hope would be soon. Three rousing cheers were then proposed and given with a will for each of the bands and the company broke up in mutual good wishes and good nights. — <i>Otsego Co. Herald</i> .
E. R. McFarland, of Maple Forrest, dug a well for Salling, Hanson & Co. near Otsego Lake, last week, which needed a well dog should catch him.

NEWS CONDENSED.

Concise Record of the Week.

EASTERN.

William Gray, of Boston, the Treasurer of the Atlantic Mills Company, confesses that the charges against him are true, and that he has embezzled over half a million dollars. The bulk of his plunder has been invested in building operations in Roxbury.

The corpse of William Gray, Jr., the Boston defaulter, was found at Blue Hills, Mass., where he committed suicide. Gray's criminal operations caused the failure of Samuel R. Payson, heretofore regarded as one of the wealthiest and best citizens of Boston. His liabilities are estimated at \$350,000.

Boston was treated to another sensation last week, when George Snell, Treasurer of the Lowell Bleachery was arrested, charged with embezzeling \$40,000 of the company's money.

The cooper, C. D. Graham, again navigated the whirlpool rapids of Niagara in the presence of 10,000 persons. He took the top from his barrel, and went down the river with his head protruding. H. J. Scott, the well-known fisherman, wanted to excel Graham, and attempted to swim the whirlpool rapids in a cork suit. His dead body was recovered at Lewiston, on the Canadian side.

WESTERN.

The Fund Commissioners of Missouri have sold \$700,000 of five-twenty State bonds at a premium which makes less than 3 per cent interest.

The Lake Shore officials report that within forty-eight hours three attempts were made to wreck trains in the Root street yards, adjoining Chicago. A gas-pipe bomb was found on the tracks near South Chicago.

All but three buildings in the town of Newark, Sargent County, Dakota, were swept away by a cyclone. Four persons were killed and a number seriously injured.

Farmers of Tippecanoe County, Indiana, have syndicated out of considerable amounts of money by the introduction among them of counterfeit United States notes of different denominations. The spurious money is somewhat shorter than genuine bills.

Ex-Councilman Thomas Reed, of Cleveland, Ohio, was killed in a frightful manner. He had been at the Congressional Convention of the Twentieth Ohio District, at Akron. While en route to Cleveland he leaned from the platform of his car, and his head was smashed by a sledge on a bridge near Peninsula.

An additional shortage of \$6,400 has been discovered in the accounts of Col. Bolton, the Chicago Postoffice defaulter. As a consequence he was arrested and his bail fixed at \$25,000, which he could not give and was therefore sent to jail.

Indiana has had another lynching here. It occurred at Aurora, Dearborn County. William Watkins, a bricklayer, became involved in a quarrel with Louis Hilbert, his contractor. Watkins drew a knife and rushed upon Hilbert, who turned to flee. The bricklayer caught him and stabbed him to death in the presence of a large crowd. No one interfered until Hilbert was dead, when Watkins was caught, dragged to a water tank, and hanged. His hands were not tied. The struggles of the wretched were frightful. He hung twenty minutes before he died.

SOUTHERN.

An answer has been filed by the soloists of Attorney General Garland to the bill recently filed by J. Harris Rogers against Garland, Dennis, Harris, and others for a settlement of the affairs of the Pan-Electric Telephone Company. The answer denies every material statement of the bill and calls attention to "the scandals and improprieties" contained therein which Mr. Garland declines to answer unless directed by the court. The Attorney General recounts at length his connection with the Pan-Electric Company.

Hugh J. Mohan has been appointed Special Agent of the Labor Bureau.

It is rumored in Washington that Secretary Manning will soon be appointed Minister to Austria.

The new silver certificates will not be ready for issue much before November.

The acting Secretary of the Treasury has issued a call for \$15,000,000 in 3 per cent bonds, interest to cease in October.

POLITICAL.

The Democratic and Greenback State Conventions of Michigan met at Grand Rapids and united in the nomination of the following ticket: Governor, G. L. Yule, Greenbacker; Lieutenant Governor, S. S. Curry, Democrat; Secretary of State, P. B. Wachell, Democrat; Treasurer, William G. Baird, Greenbacker; Auditor General, Colonel J. D. Farr, Democrat; Land Commissioner, William D. Fuller, Greenbacker; Superintendent of Public Instruction, David Parsons, Democrat; member of Board of Education, J. W. Turner, Greenbacker; Attorney General, J. C. Donnelly, Democrat. The Democratic convention adopted a platform endorsing President Cleveland's administration; favoring liberal pensions for veterans of the war; demanding a revision of tariff laws; promising the enactment of laws against convict labor; denouncing alien ownership of public lands. The financial plank in the platform reads: "We endorse the policy of applying the surplus in the National Treasury, as fast as it may accumulate, to the payment of the national debt, retiring as rapidly as possible the national bank circulation, and the direct issue by the National Government of legal-tender treasury notes, gold and silver coin, and coin certificates." The platform adopted by the Greenback convention approves the Jeffersonian idea of a strict construction of the Constitution of the United States, and, "as the Constitution expressly declares, that Congress shall have power to coin (or create) money and regulate the value thereof, we demand that Congress should create money for the uniform measurement of values, consisting of gold, silver, and paper, in sufficient quantity to meet the wants of the Government and the demands of commerce and trade, receivable alike for public and private debts, and the exercise of this power should not be delegated to private corporations or private individuals," favors a tariff for revenue so adjusted as to afford protection to

such industries as employ labor without creating monopoly of any kind.

LATER NEWS ITEMS.

There was a thrilling scene in Barnum's Circus, at Madison, Wis., Mrs. Henry Reits' hat blew under a cage containing four panthers. When she stopped to pick it up, one of the animals caught her head in its paws, and lacerated her face in a frightful manner. A keeper was in the cage at the time, and attempted to beat the animal back, but only succeeded in stirring the savage natures of the other three. They appeared ready to tear him, but he turned on them and succeeded in lashing them back. Mrs. Reit's wounds are serious.

Albany is in a special, says: "It is stated here on what ought to be good authority, that Thomas E. Benedict, of this city, has been appointed Public Printer by President Cleveland, and that the appointment will be made public shortly. Mr. Benedict is Deputy Comptroller of the State of New York, and is personally known to President Cleveland. He has held his present position a number of years."
